# A LETTER
# FROM MARK BOGART

**FROM THE MANUFACTURER'S ORIGINAL CATALOG**

*The goal for any company is to successfully provide a service or product that stands above the competition. At MB Ranch King Blinds we have achieved that goal by providing top quality, durable, maintenance free products and combining that with outstanding customer service. Our products are not outsourced like with other blinds in the industry. They are made here in the U.S.A with numerous utility patents to give you a peace of mind like no other product can.*

*It's no secret that MB Ranch King is a leader in the hunting blinds industry and we offer the same quality in our line of deer feeders, fish feeders and now cabins. Our newest product line of cabins have already entered the market and received rave reviews by hundreds of fellow hunters and property owners that were impressed by the wood-grain camo, maintenance-free metal exterior.*

*Thank you to all our dealers, customers and friends for your support and love for the game.*
